-Albert Einstein

"We cannot sit back silently and allow the nuclear powers to bully each other into developing more numerous and efficient weapons for destroying our world."

-Kristin Vilcius
Toronto

"We the people of the United Nations are determined...to save succeeding generations from the scourge of war; which twice in our lifetime has brought untold sorrow to mankind..."

-Preamble to the Charter
of the United Nations

PEACE on EARTH

World peace, the hope of all mankind, now, as in the past still remains an illusion. The two most powerful countries in the world, the United States and the Soviet Union, have had numerous arms talks but nothing has really been accomplished. We the Students of Stratford Junior High would like to dedicate our year-book to some real progress towards the achievement of World Peace.

Yearbook

The Stratford Way...

In the year 1564, in the month of April, a playwright destined to make his mark in the world of literature, William Shakespeare, was born. In 1964, searching for a name for their new Junior High School, the board of the then West Jasper Place School District felt it was fitting to name the school, Stratford, after Shakespeare's birthplace, Stratford-On-Avon.

Located approximately 1.3 km east of West Edmonton Mall on eighty-seventh Avenue, our school is now in its twentieth year of operation. With an enrollment of over 300 students, Stratford offers a varied curriculum of Academic Core Courses and "B" options, E.S.L. and an Adaptation Program. More than sixty percent of the school's population comes from the neighbourhoods of Callingwood, Lessard, and Ormsby in West Edmonton.

Assistant Directors

I ran for President because I wanted this to be a successful and exciting year for the students of Stratford Junior High. I like being President because it is a great honor.

At first, I felt very nervous and scared that I would make mistakes, but now I feel more comfortable and confident in myself. I've been in Student Council before. For two years in a row I was room representative, and this year I was elected President.

I'd like to thank the students of Stratford Junior High for electing me as their President. I felt this years activities were very successful, largely due to the student body's enthusiasm and excellent participation. It was a pleasure working with the other members on Student Council. I wish them luck in future years.

Mikado

On Wednesday, Feb. 5, the students viewed a live opera production by Gilbert and Sullivan called the Mikado. The play was a satire of old English customs and poked fun at people of that time. All the actors had great concentration with excellent volume; the actor who played Ko-Ko dramatized his role extremely well and really added life to the opera.
